May 29- June 20, 2021 | $3,595*
*(Subject to change & does not include airfare or tuition)

Students take one of the following courses:

ITAL 201: Intermediate Italian (3 cr)
ITAL 202: Intermediate Italian (3 cr)

Sorrento is a real haven of peace for study and creativity and it is not by chance that it has been, for more than three centuries, the destination of international artists, poets and musicians. Students will be immersed for 3 weeks in an intensive language program and reside at the Sant’Anna Institute in Sorrento, in the Campania region. The institute overlooks Marina Grande, just a short walk from the center of Sorrento and enjoys commanding views of the Gulf of Naples and the Mount Vesuvius. The town of Sorrento is small in size yet international and cosmopolitan in feeling. The town is known for its hospitality and is safe and easily walkable. Students will be able to visit important historical and archaeological sites (Pompeii, Naples). They will also participate in different cultural activities in Sorrento and in the nearby areas.
"Professor De Luca has a unique tie to Sorrento, Italy, being that she is from Naples - a town only an hour away. Her experiences and background brought our studies to life. She was very knowledgeable about the Italian culture and its people, constantly pointing out facts we would have missed as merely tourists."
- Summer 2018 Student
